The following is an examiner's statement of reasons for allowance:

With respect to claims 1 & 2, while prior art does teach some of the material included in these claims, it does not teach said outer-formed frame making up a bulk of said wedge wherein said outer form frame is forced into abutments by the insertion of said inner layer.

With respect to claim 14, while prior art does teach some of the material included in the claim, it does not teach said lateral gap bisecting said outer-formed frame.

Claims 3-13, 15 & 17-20 are dependent upon the above claims

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
